

I am writing concerning the new proposal to allow new LPFM stations to take priority over current FM translator service. If this proposal were to pass it would effect many radio stations, namely K-LOVE, a Christian radio station. K-LOVE is the only radio station I listen to, and if it were to go off of the air, there honestly would be no good or appropriate stations on the Western Slope of Colorado. K-LOVE's slogan is "Positive and Encouraging," and it truly is positive and encouraging to be able to listen to K-LOVE at home and at work. When I have played it at work, I have received numerous comments, stating that our customers really enjoy hearing the songs and messages that are broadcast on K-LOVE. If this new proposal were to pass, it would eliminate any quality programming that is broadcast over the radio today. I ask that you please reconsider your new proposal, and realize that it will cause more harm than good. Thank you.
